Dogebainu (DBNU)

White Paper

—

1. Introduction and Overview

1.1 Background of Meme Coin Growth

In recent years, the cryptocurrency market has undergone rapid changes. Particularly, meme coins like Dogecoin and Shiba Inu Coin have gained immense popularity based on simple humor and the power of community. These coins have formed ecosystems centered around user participation and communication, differing from traditional cryptocurrencies.

1.2 Introduction to Dogebainu

DogeBainu is the next-generation meme cryptocurrency that blends the fun spirit of internet culture with meaningful blockchain technology. Our project aims to create a vibrant, community-centered ecosystem that goes beyond traditional meme coins, incorporating strategic value, social impact, and long-term utility. Additionally, we have enhanced donation features to assist the socially disadvantaged and increase investment stability for users.

1.3 Project Missions

Our core missions are as follows:

- Create an innovative cryptocurrency ecosystem that combines fun and utility
- Expand global community participation and social impact
- Realize humanitarian values through blockchain technology

1.4 Differentiation Points

DogeBainu possesses the following unique features:

- Long-term and systematic token distribution strategy
- Gradual airdrop mechanism over 10 years
- Social contribution programs in collaboration with organizations such as UN and UNICEF
 - ① UN Agencies:
 - UNHCR (United Nations High Commissioner for Refugees): Protection and support for refugees
 - WFP (World Food Programme): Hunger eradication and food support
 - WHO (World Health Organization): Global health and medical support
 - UNDP (United Nations Development Programme): Poverty reduction and support for developing
 - ② UNICEF: Global child protection and education support
 - ③ International Relief Organizations:
 - Doctors Without Borders
 - Red Cross (International Committee of the Red Cross)
 - Oxfam
 - Save the Children
 - ④ Education and Poverty Eradication Institutions:
 - Bill & Melinda Gates Foundation
 - World Vision
 - Global Fund (HIV, tuberculosis, malaria eradication)
 - ⑤ Environmental Protection Organizations:
 - Greenpeace
 - WWF (World Wildlife Fund)
- Transparent and sustainable ecosystem model

1.5 Expected Effects

Our project aims to generate the following positive effects:

- Strengthen the social responsibility of the cryptocurrency community
- Present a new paradigm for meme coin investment
- Contribute to solving global social issues through blockchain technology
- Build a stable ecosystem for long-term investors

1.6 Key Objectives

DogeBainu has set the following specific goals:

- Utilize 5 trillion DBNU for humanitarian purposes and ecosystem stabilization after a 3-years lock-up
- Enter the top 100 global cryptocurrencies
- Form an active community of over 1 million members
- Make tangible contributions to refugee support and education programs

2. Token Information

2.1 Basic Token Details

- Token Name: Dogebainu
- Token Symbol: DBNU
- Total Supply: 10 trillion
- Blockchain: BEP-20 based

2.2 Token Distribution Strategy

| Category | Percentage | Quantity | Details | Category |
|----------------------------------|------------|-----------------|---|----------------------------------|
| Circulating Supply | 20% | 2 trillion DBNU | Circulating Supply 20% 2 trillion DBNU Initial listing and public trading Circulating Supply | Circulating Supply |
| Community Airdrop | 30% | 2 trillion DBNU | Circulating Supply 20% 2 trillion DBNU Initial listing and public trading Circulating Supply | Circulating Supply |
| Ecosystem and Social Impact Fund | 50% | 5 trillion DBNU | Ecosystem and Social Impact Fund 50% 5 trillion DBNU Used for ecosystem development and charitable activities after a 3-year lock-up Ecosystem and Social Impact Fund | Ecosystem and Social Impact Fund |

3. Technology and Infrastructure

3.1 Blockchain Architecture

- BEP-20 based token (Binance Smart Chain network)
- High-performance transaction processing
- Multi-signature wallet security system

3.2 Technological Innovations

- Optimized low-gas transactions
- Smart contract-based automatic airdrop mechanism
- Community-based transparent transaction tracking system

3.3 Security Features

- Regular smart contract audits
- Multi-layer security protocols
- Community-based fraud prevention system

4. Ecosystem

4.1 Ecosystem Components

The Dogebainu ecosystem consists of the following key components:

- Token Utilization: The DBNU token is used as a means of transaction and rewards. Additionally, holders will participate in voting on important developments, and the ecosystem of DBNU will evolve based on community feedback.
- Community Platform: A dedicated platform for users to communicate and share information.
- Airdrop Program: Targeted at existing Dogecoin and Shiba Inu users.
- Social Contribution Projects: Collaboration with organizations such as the UN and UNICEF for refugee support.

4.2 User Participation and Rewards

- Rewards for participating in community activities.
- Engagement in key community opinions and voting.
- Additional token rewards for participating in donation

4.3 Partnerships and Collaborations

- Listing on major cryptocurrency exchanges.
- Collaboration with social organizations and non-profit entities such as the UN and UNICEF.

4.4 Sustainable Development

- Environmentally friendly blockchain operations.
- Continuous reflection of user feedback.

5. Vision for Social Impact

5.1 Humanitarian Approach

UN Refugee and Global Support Programs:

- Collaboration with UNHCR (United Nations High Commissioner for Refugees):
 - Support for refugee education.
 - Refugee protection and support projects.
- Cooperation with WFP (World Food Programme):
 - Hunger eradication and food assistance.
- Medical Support from WHO (World Health Organization):
 - Global health projects.
 - Development of medical infrastructure.

UNICEF Child Protection and Education Programs:

- Child Protection and Education Support:
 - Emergency relief fund creation.
 - Establishment of child education infrastructure.
 - Promotion of child welfare worldwide.
- Additional International Cooperation Partners:
 - Doctors Without Borders: Medical support.
 - Red Cross: Humanitarian relief activities.
 - Oxfam: Poverty eradication programs.
 - Save the Children: Protection of children's rights.
 - Bill & Melinda Gates Foundation: Global development support.
 - World Vision: Child and community development.
 - Global Fund: Infectious disease eradication projects.
- Environment and Sustainability Partners
 - Greenpeace: protecting the environment
 - WWF: Supporting nature conservation and sustainable development

Through collaboration with these various international organizations, Dogebainu aims to make a tangible contribution to solving global social issues.

5.2 Blockchain-Based Social Contribution

- Transparent donation tracking system.
- Smart contract-based direct support mechanism.
- Development of a global social contribution tracking dashboard.

5.3 Long-Term Social Goals

- Support for digital infrastructure in developing countries.
- Support for environmental projects addressing climate change.
- Programs to improve access to education and technology.

6. Community and Governance

6.1 Community Participation Model

- Token holder voting system
- Quarterly community meetings
- Proposal and feedback platform

6.2 Governance Structure

- Decentralized decision-making mechanism
- Token-based voting rights system
- Community leadership program

6.3 Incentive Mechanism

- Activity-based reward system
- Special benefits for long-term holders
- Community contribution ranking system

6.4 Community Channels

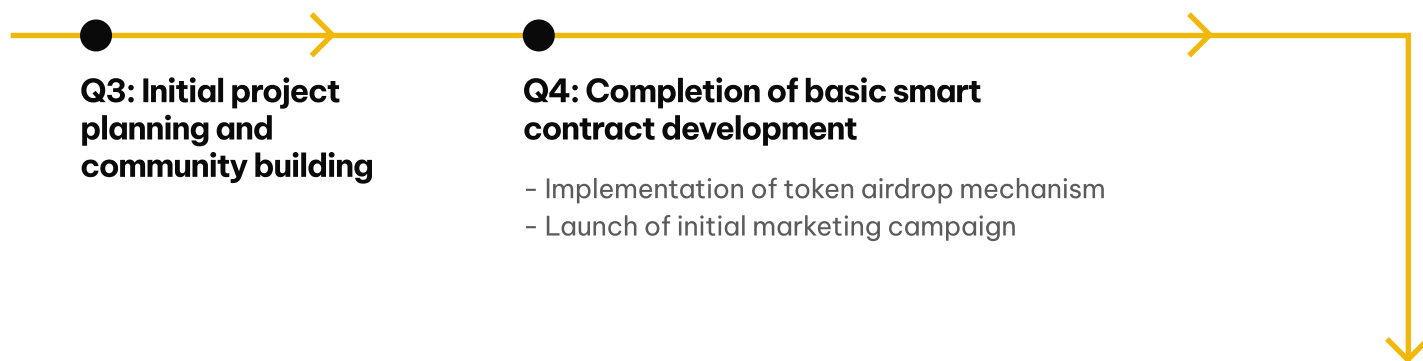

- Telegram community
- Official social media channels
- Regular AMA (Ask Me Anything) sessions

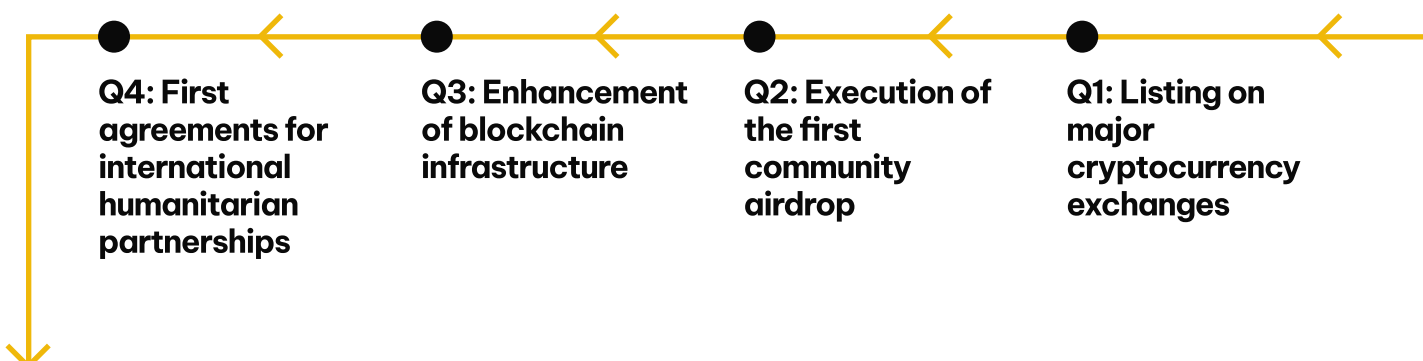

7. Roadmap

7.1 - 2024

7.2 - 2025

7.3 - 2026

8. Risk Disclosure

This is a living document and information is up to date at the time of publishing. Please note information herein does not constitute investment advice, financial advice, trading advice, or any other sort of advice and you should not treat any of the content as such.

Investing in cryptocurrency carries inherent risks. Potential investors should conduct thorough research and understand the volatility of the cryptocurrency market.

The Dogebainu team suggests you conduct your own due diligence and consult your financial advisor before making any investment decisions. By purchasing any Dogebainu product, you agree that you are not purchasing a security or investment and you agree to hold the team harmless and not liable for any losses or taxes you may incur. You also agree that the team is presenting the products “as is” and is not required to provide any support or services. You should have no expectation of any form from the Dogebainu Ecosystem and its team. Although Dogebainu is a community driven Dogebainu Ecosystem and not a registered digital currency, the team strongly recommends that citizens in areas with government ban on Crypto do not purchase it because the team cannot ensure compliance with your territories regulations. Always make sure that you are in compliance with your local laws and regulations before make any purchase.
